NEW YORK 22, N. Y.

We are happy to once again introduce a new collection of fine decorative hardware trim, designed especially for those who appreciate the very best.

We manufacture a variety of articles for the furniture trade and the building trade. We feel that this small folder will present to you a complete selection of hardware trim certain to please you — and your clients.

For a number of years we have been producing solid brass accessories for the home with skill and craftsmanship. We have modern facilities for the complete transformation of raw materials into finished products. Each article is guaranteed as to workmanship and quality. Also, for your special needs, we can manufacture to your specifications and execute any design.

We wish to thank all our friends who have favored us over the past years with their business. Your continued patronage has made possible a steady record of growth for our firm.

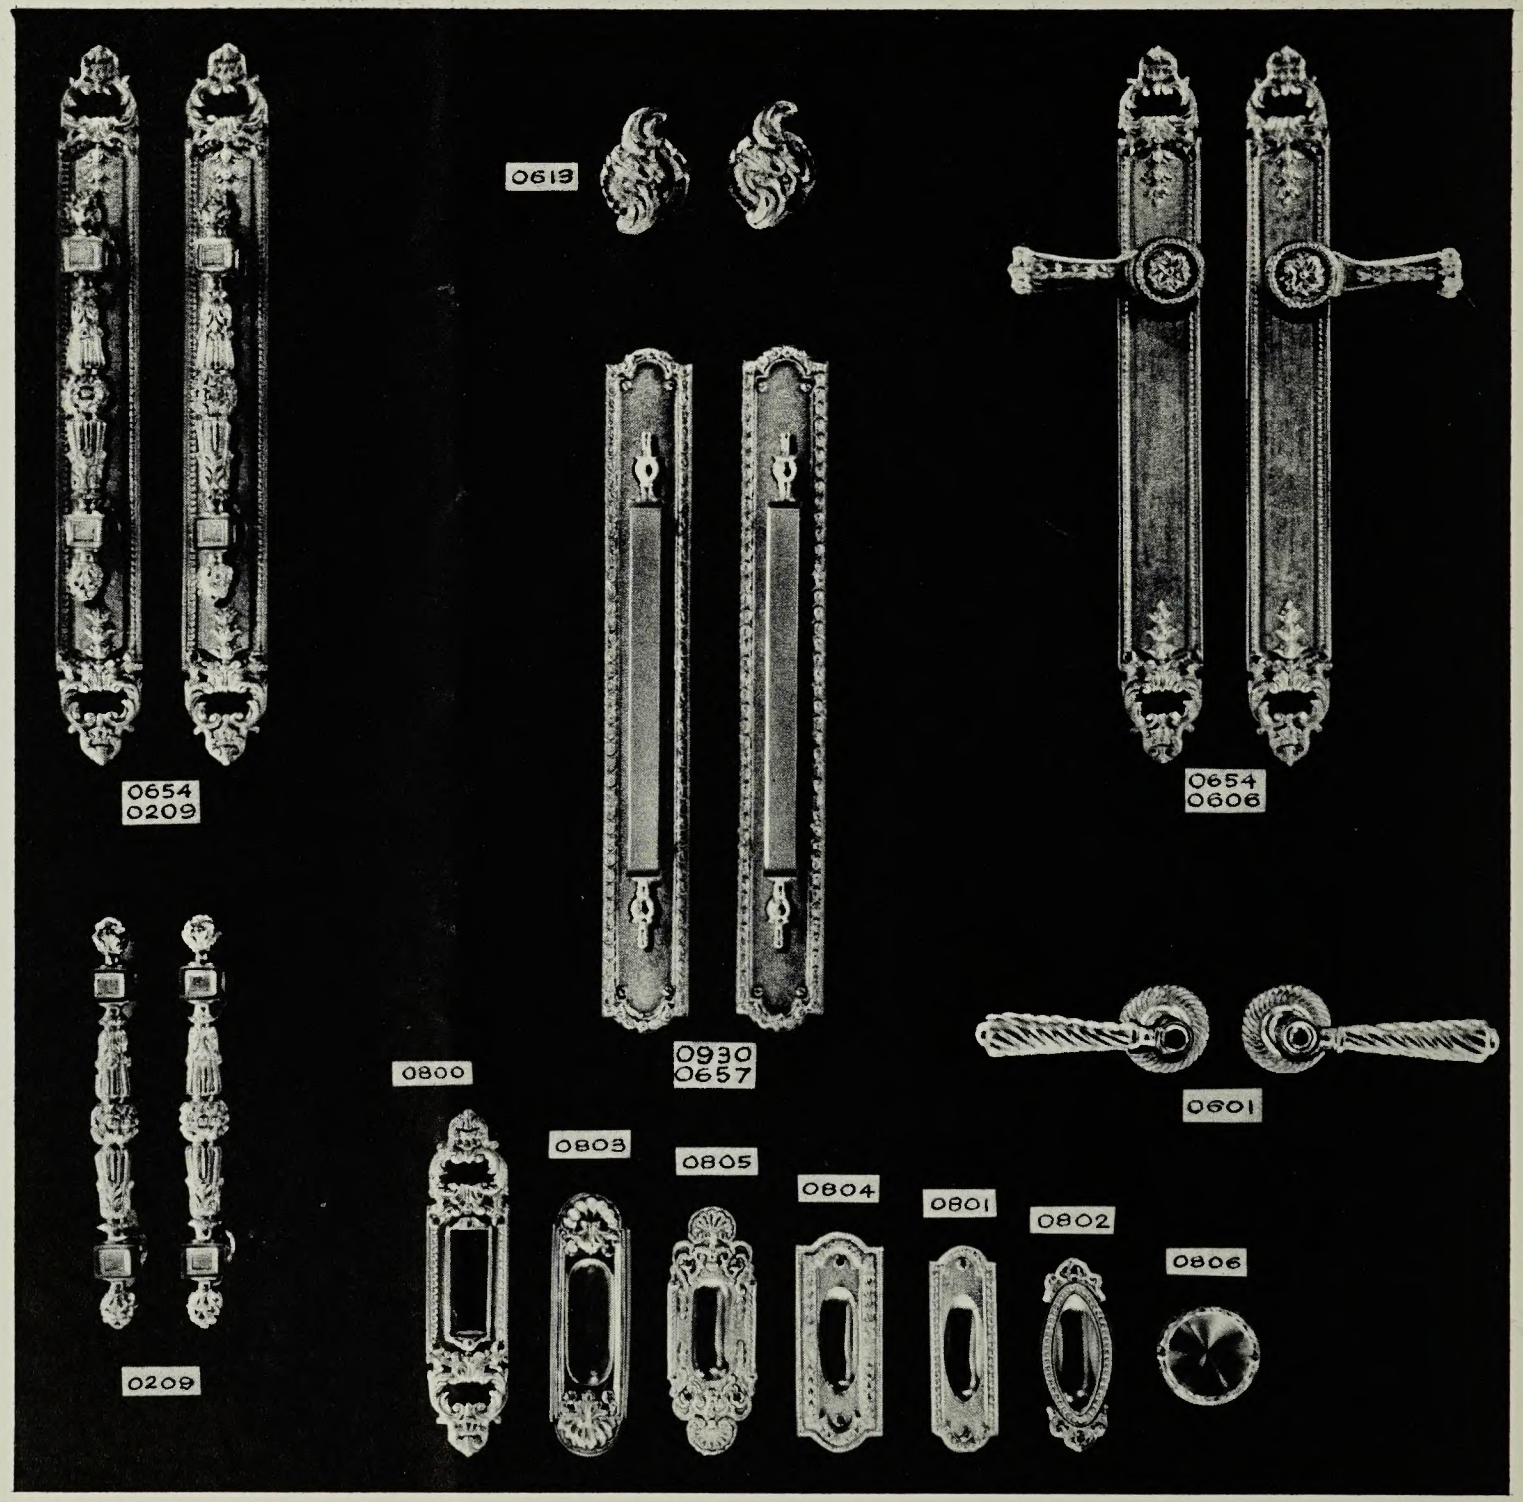
We also wish to welcome all our many new friends.

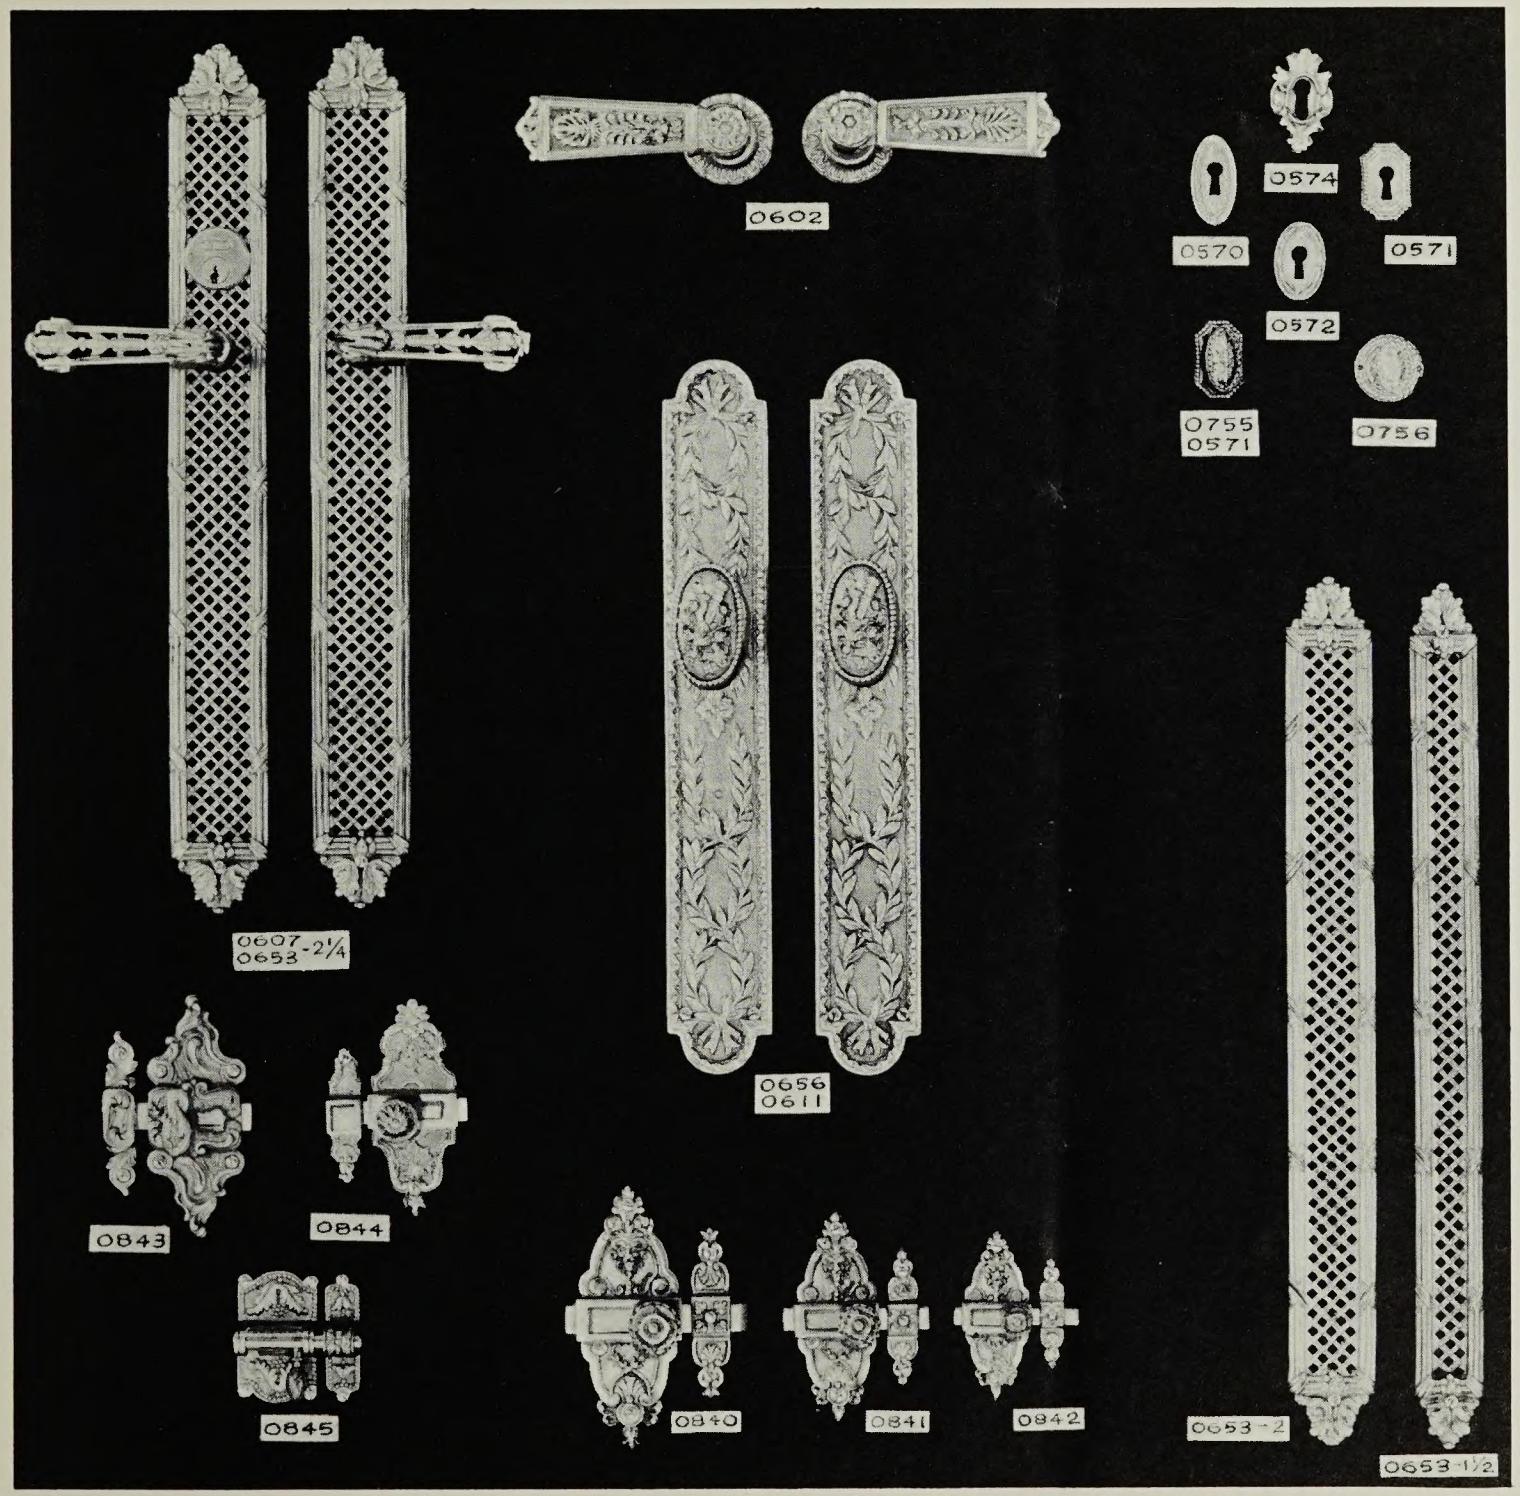
We look forward to the pleasure of serving all of you in the near future.

BUILDERS' HARDWARE

The plates shown here may be used in conjunction with any lever, knob or bar pull. Combinations may be either functional or non-functional.

Numbers 0800 to 0806 inclusive are for use on sliding doors or window sash.





BUILDERS' HARDWARE

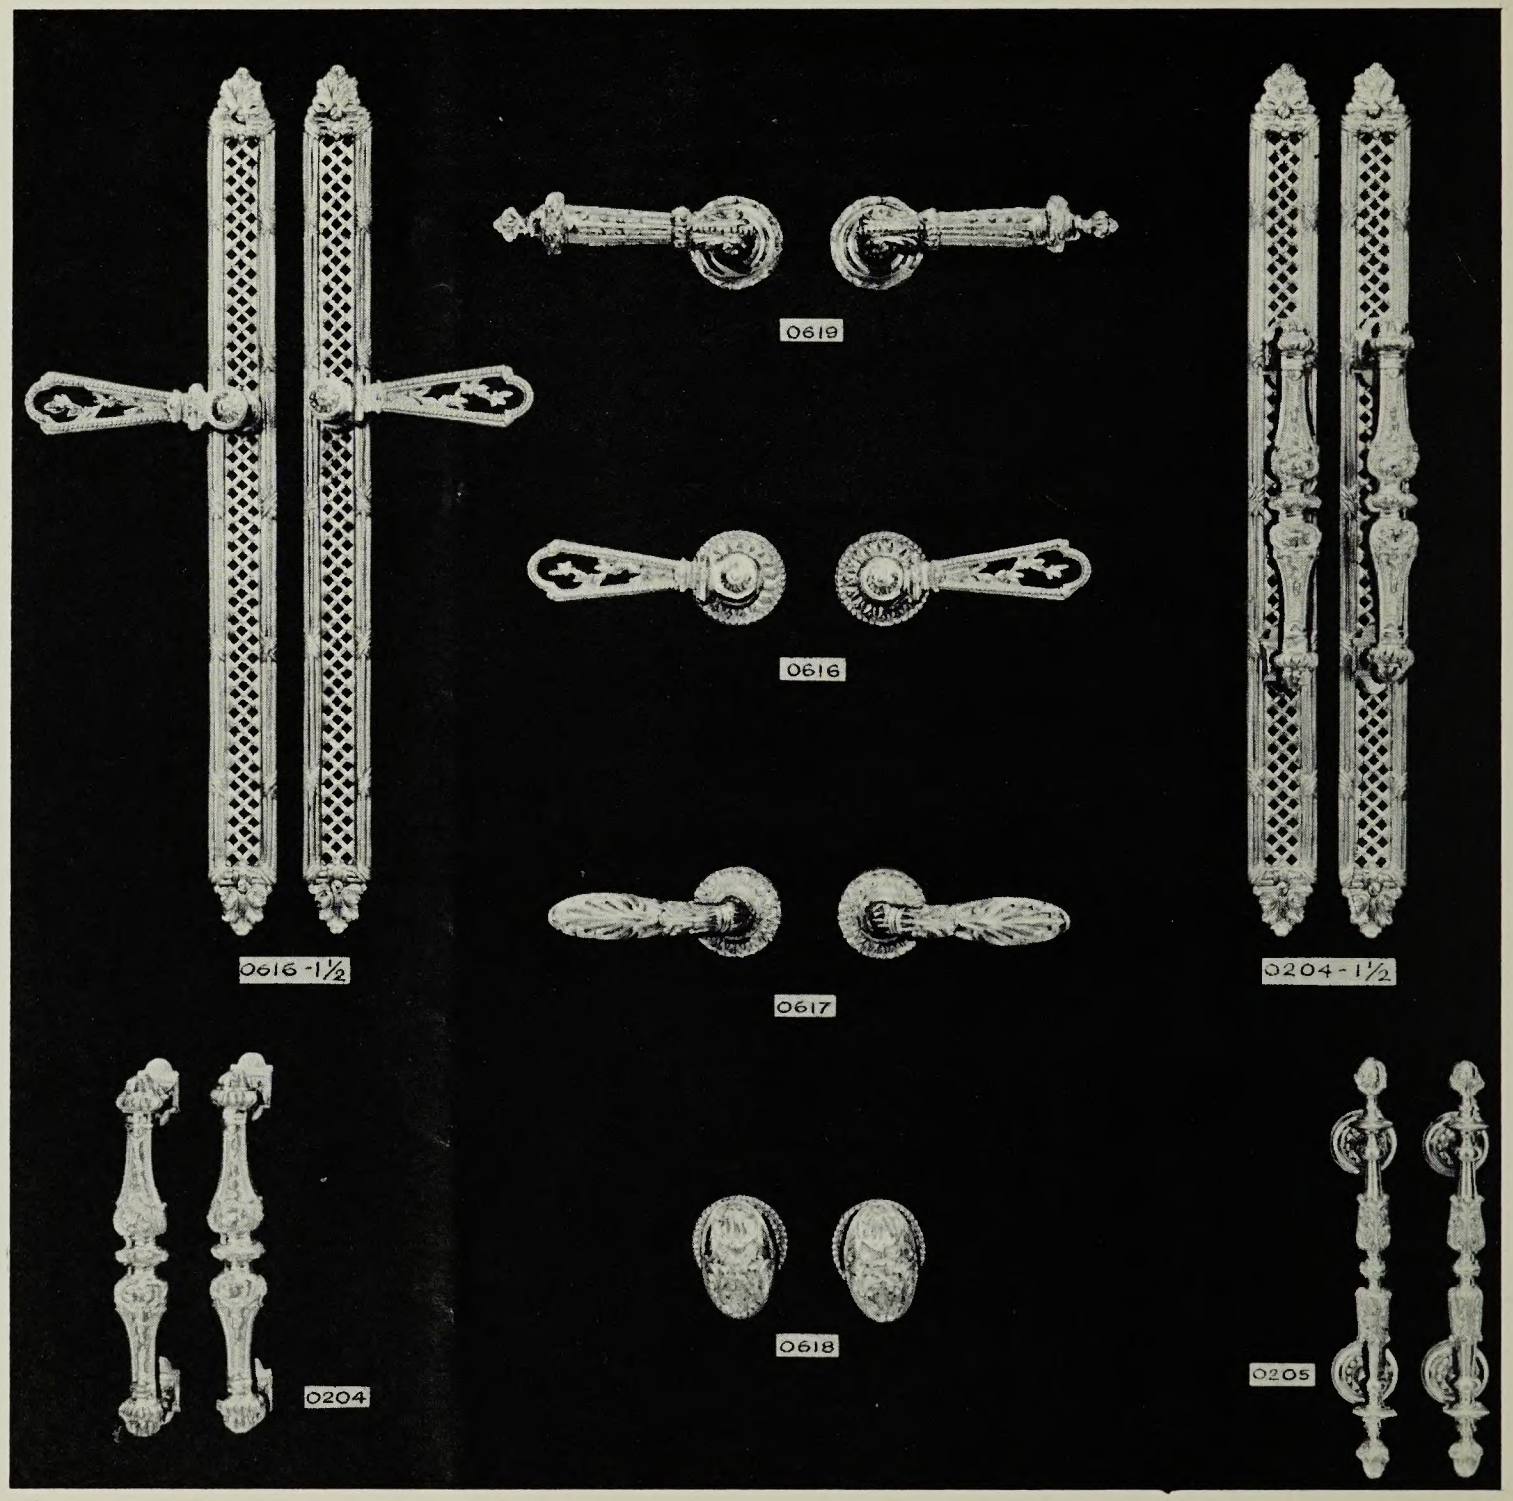
The plates shown here may be used in conjunction with any lever, knob or bar pull. Combinations may be either functional or non-functional.

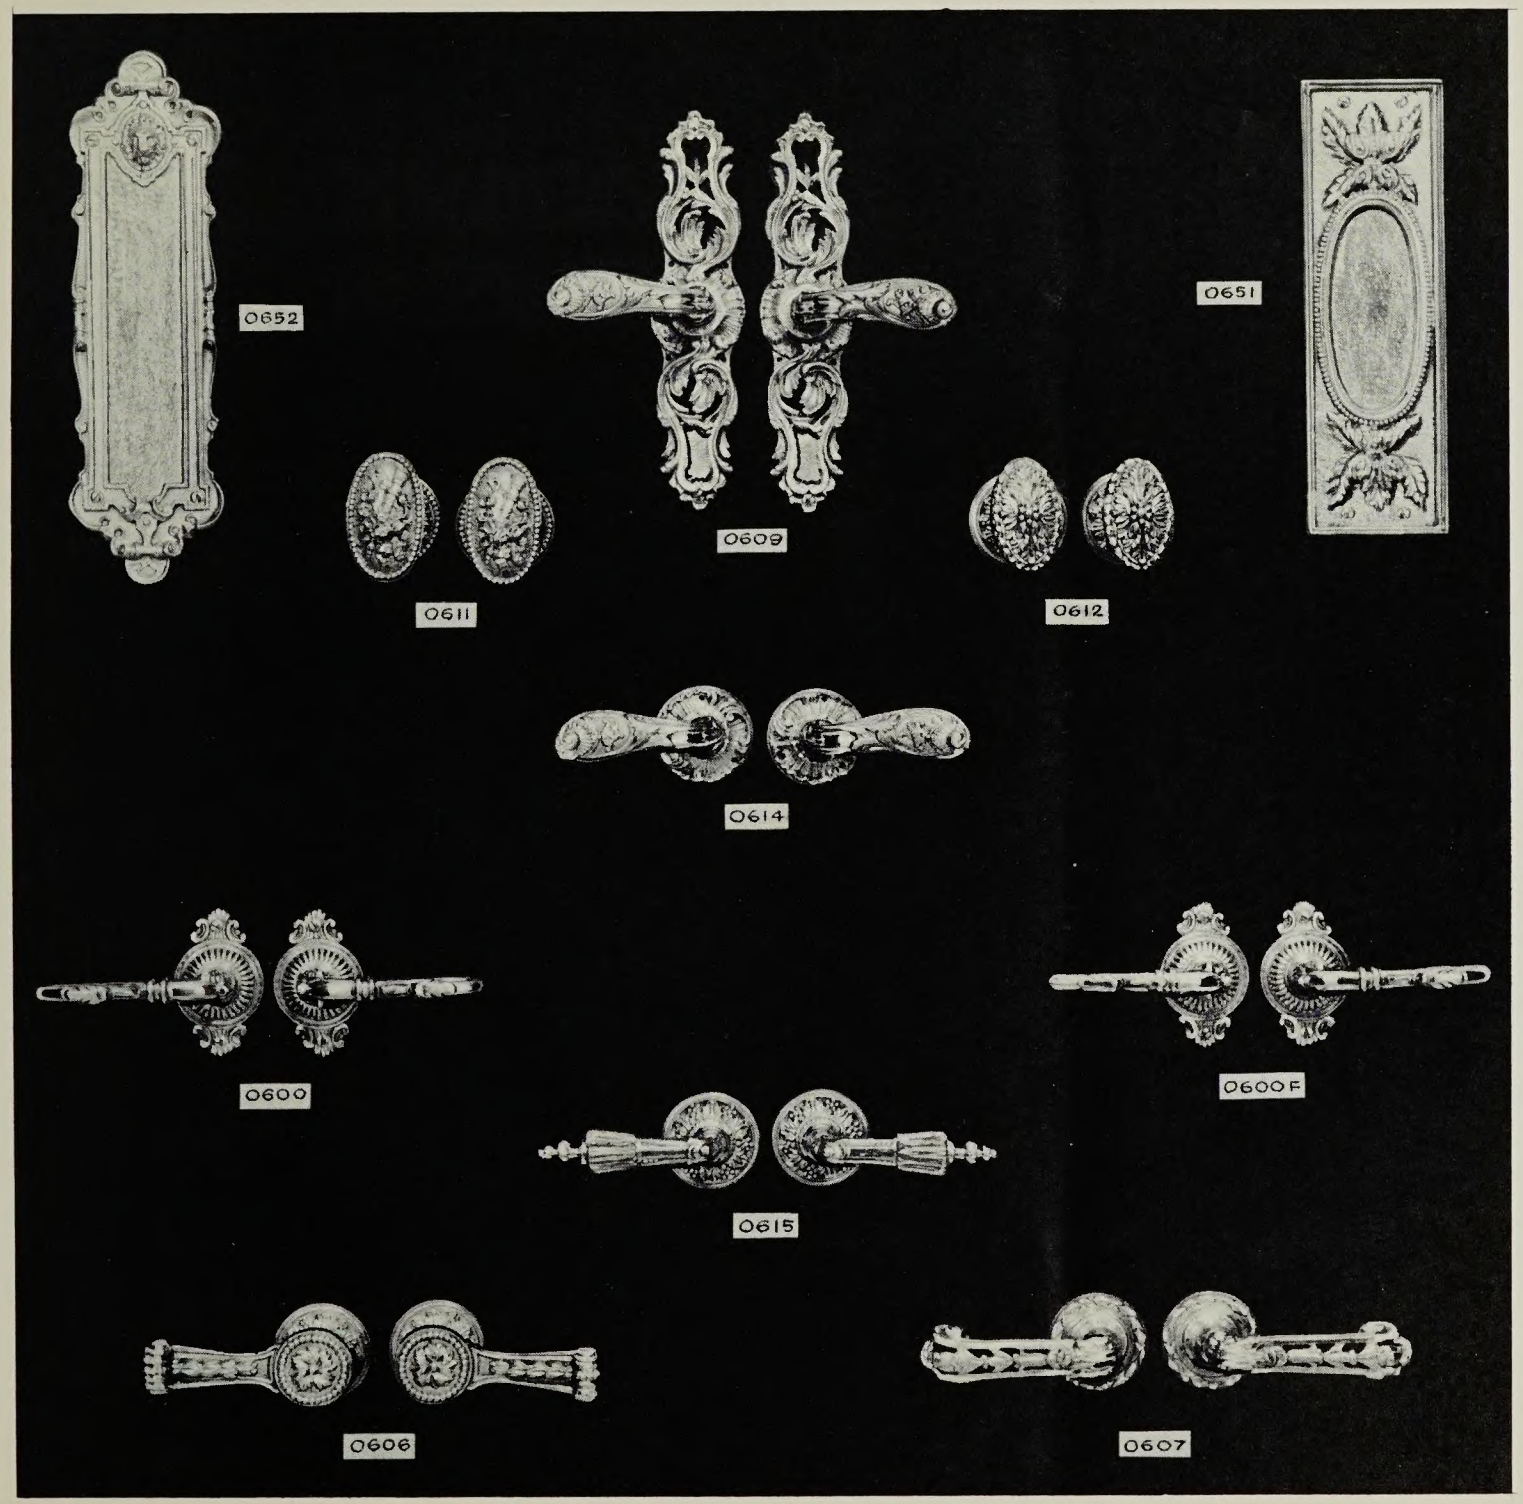
Numbers 0840 to 0845 inclusive are sliding bolts for use on doors, cabinets or shutters.

Numbers 0755 and 0756 are for use in conjunction with thumb-turn full mortise locks. These may also be used as drawer knobs.

BUILDERS' HARDWARE

The plates shown here may be used in conjunction with any lever, knob or bar pull. Combinations may be either functional or non-functional.



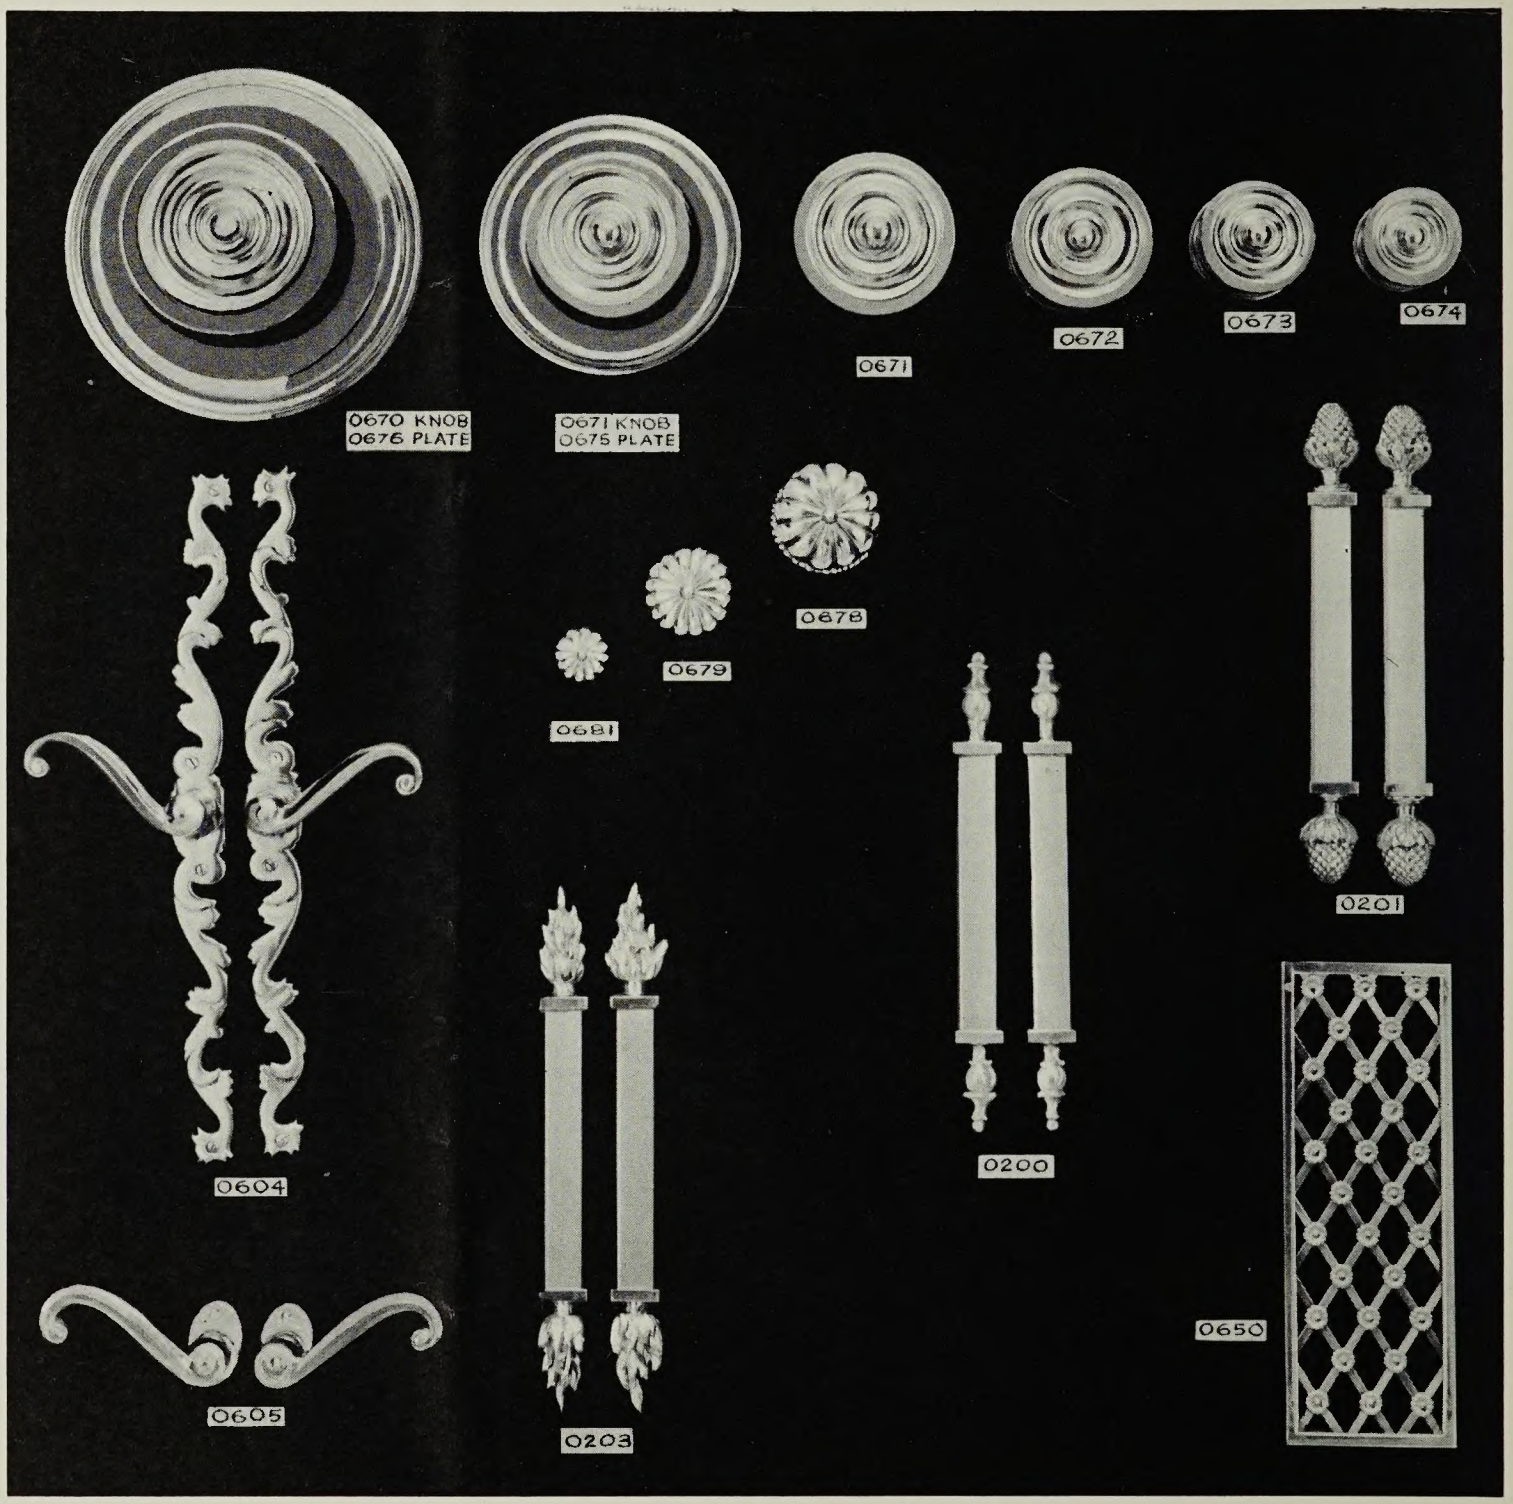


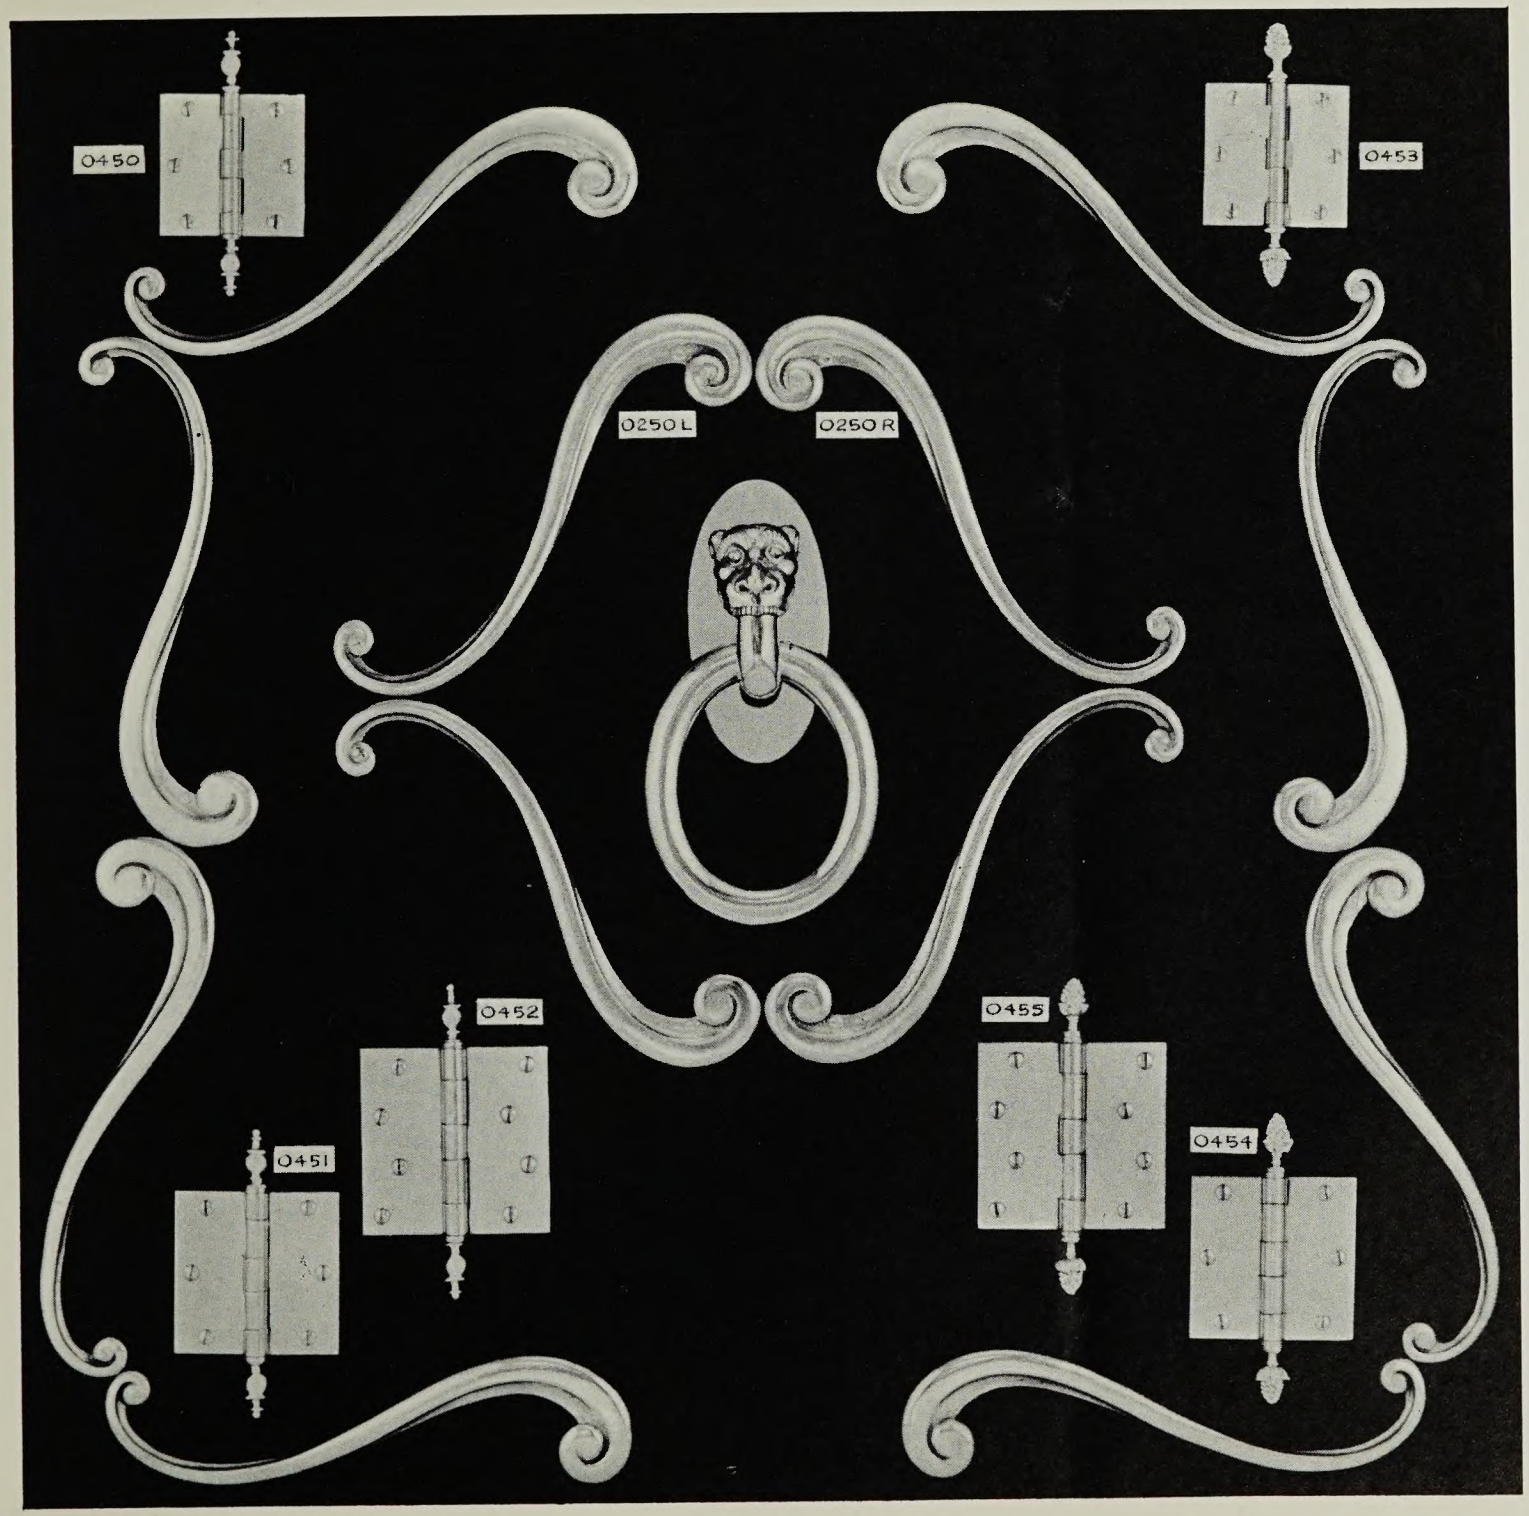
BUILDERS' HARDWARE

The plates shown here may be used in conjunction with any lever, knob or bar pull. Combinations may be either functional or non-functional.

BUILDERS' HARDWARE

The bar pulls shown may be used on cabinets or double doors to enhance interiors.





DOOR DECOR

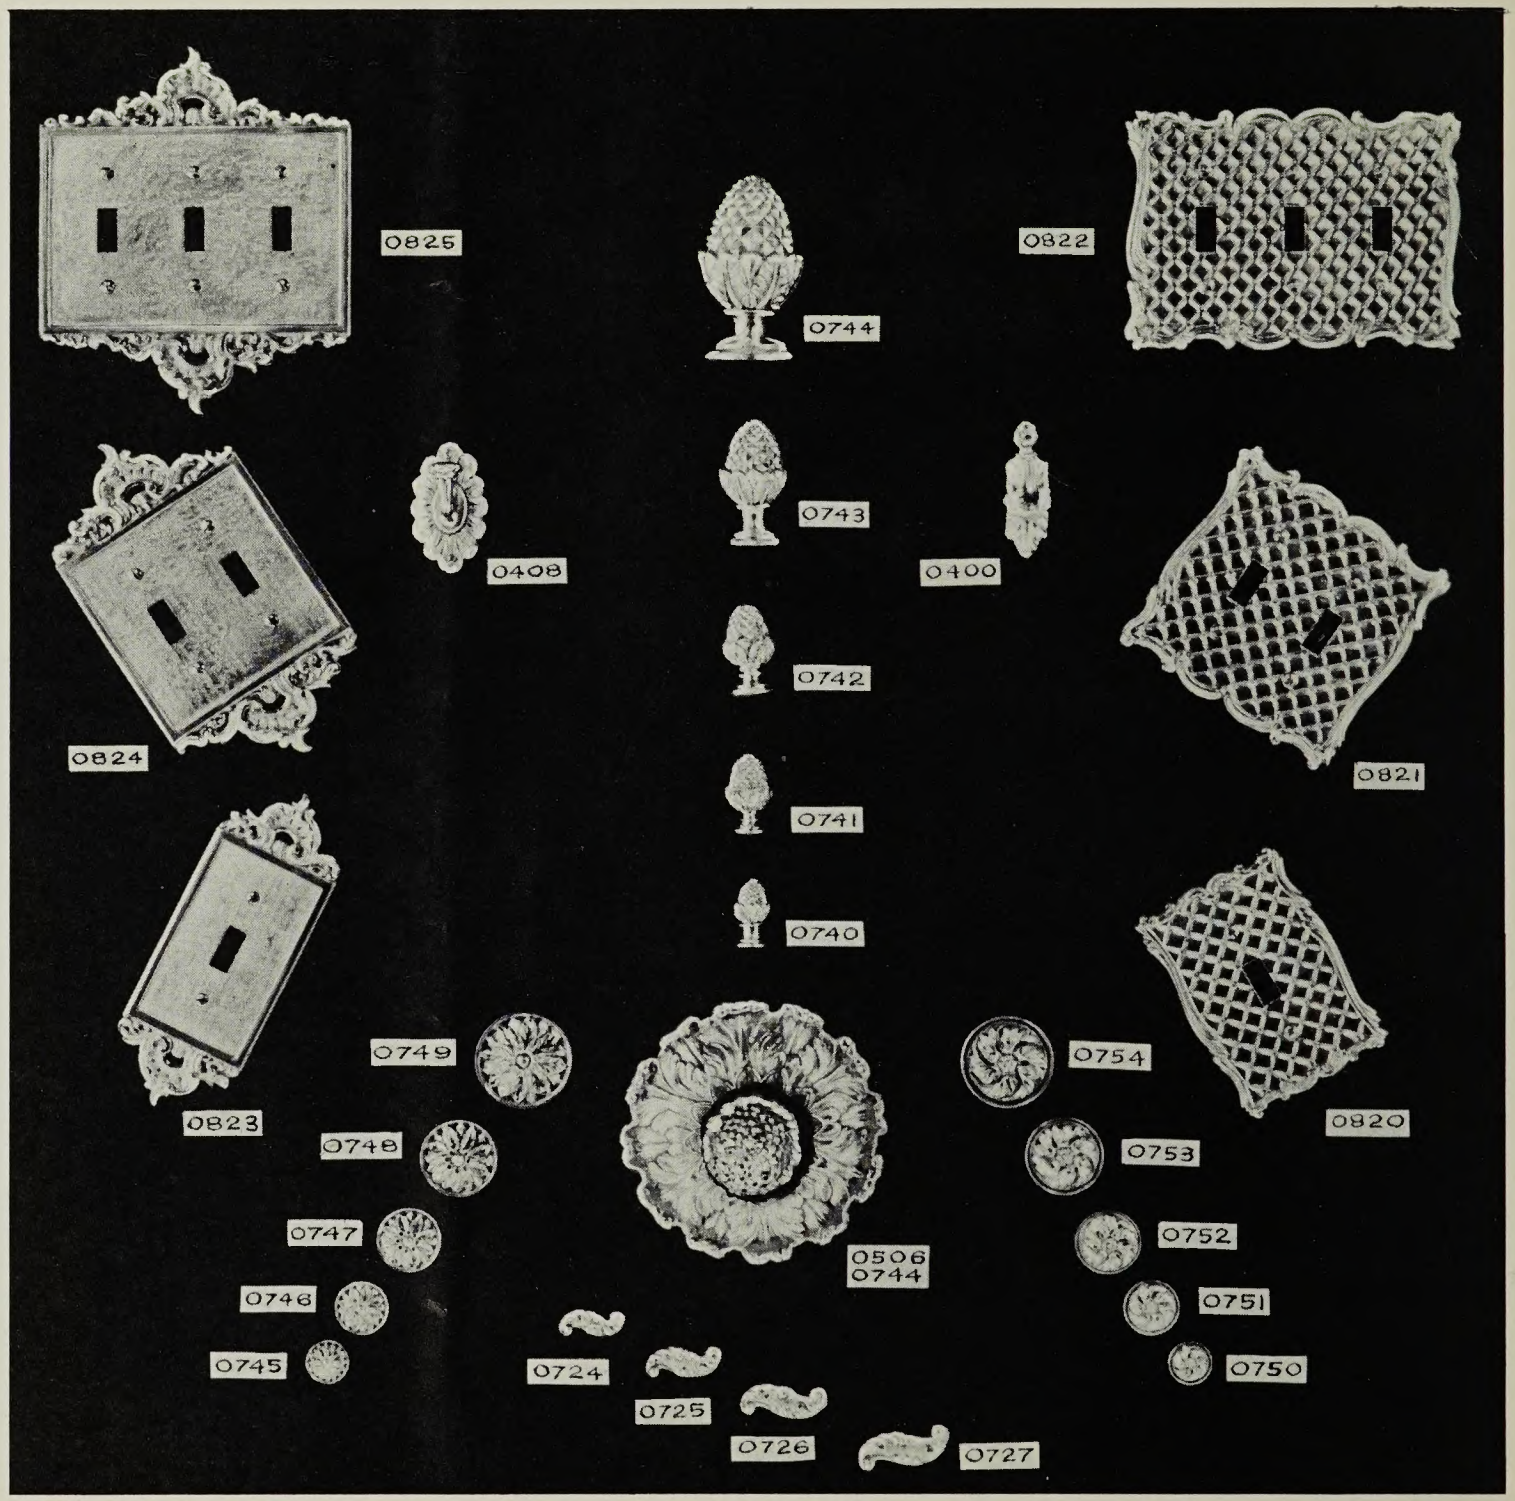
These scrolls may be used in many and various ways on doors or furniture, too numerous to display.

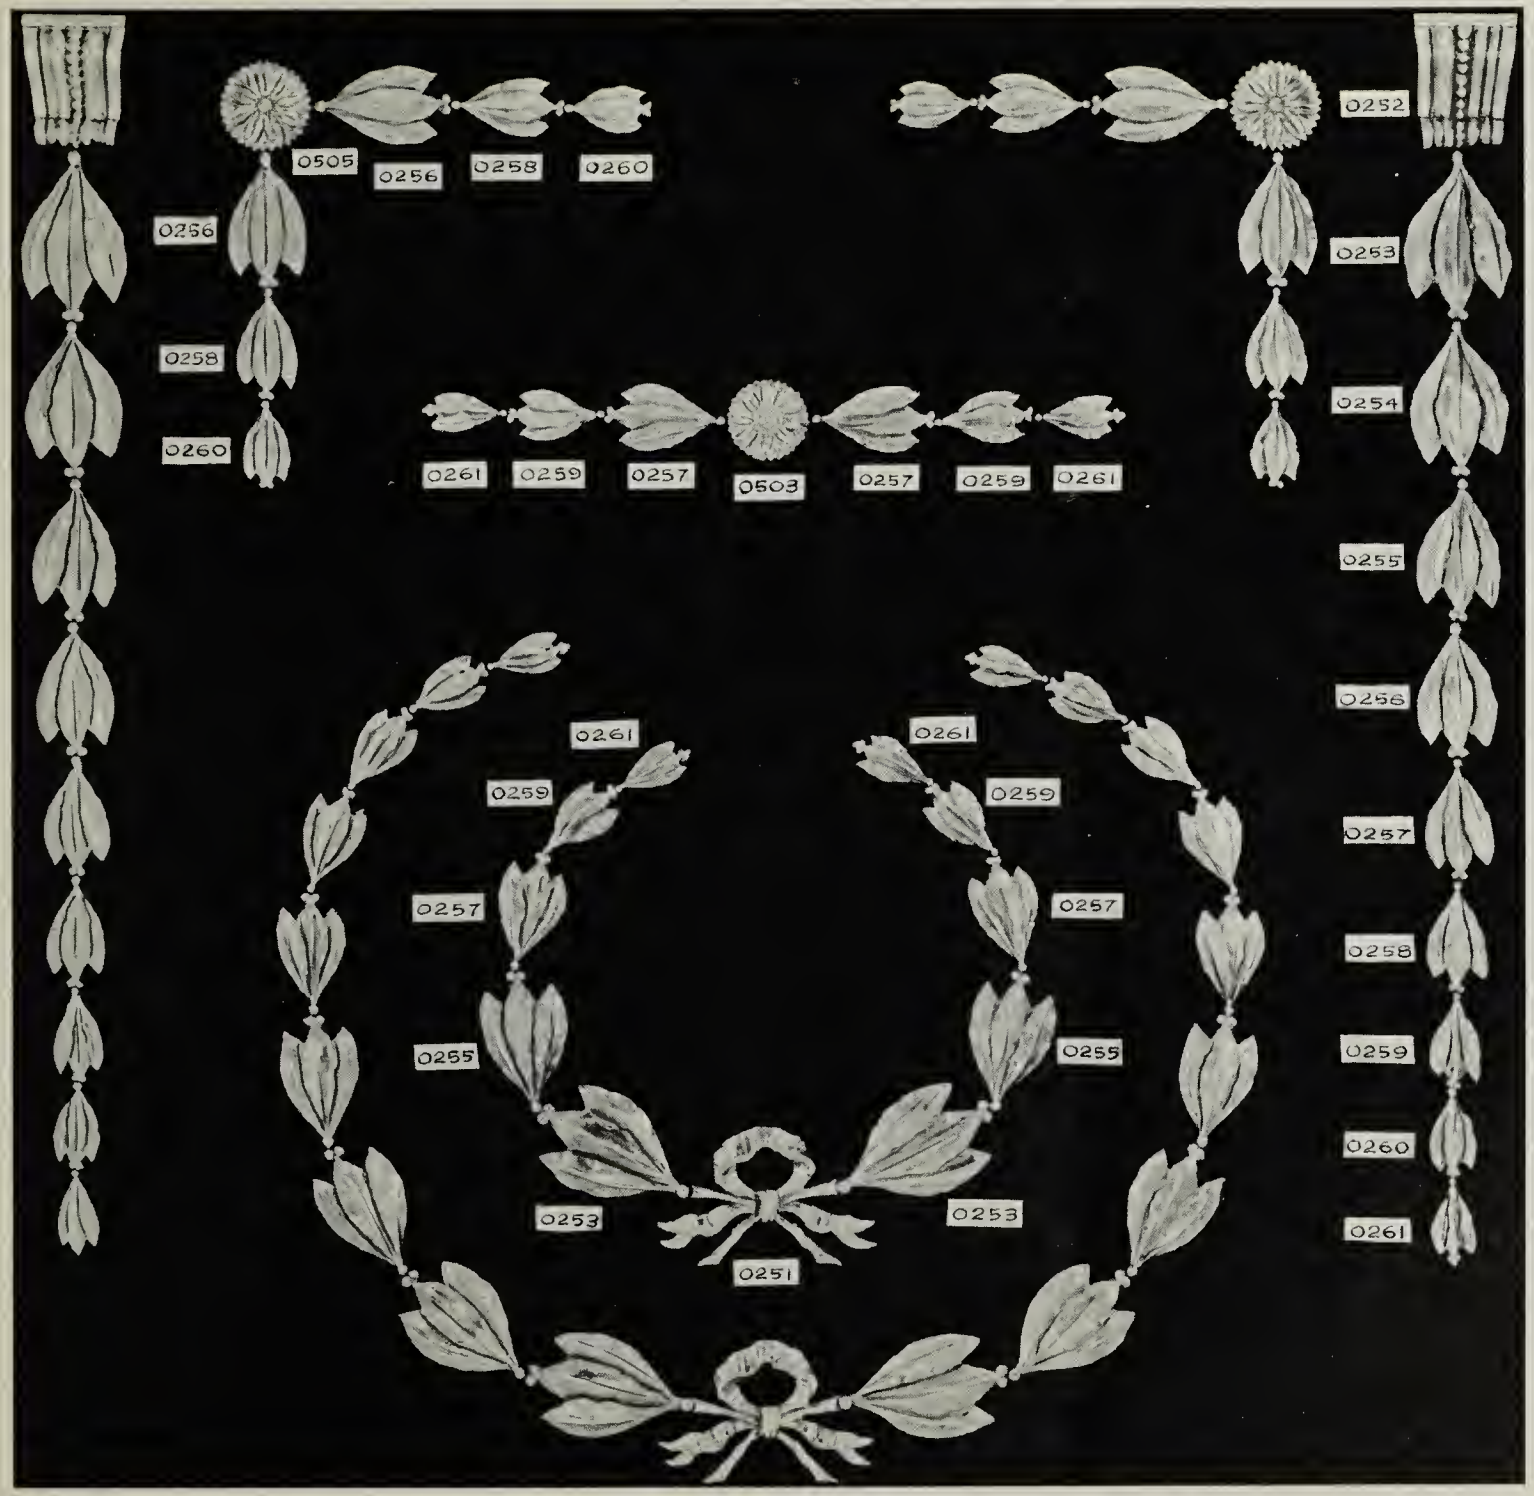
The hinges shown are manufactured in solid brass or polished brass plated on steel.

SWITCH PLATES and KNOBS

Numbers 0408 and 0400 are decorative clothing hooks.

Pine cones, shown, are for use as knobs, as newel posts, and as finials for various uses such as tops of cabinets and bedposts.





CABINET and DOOR DECOR

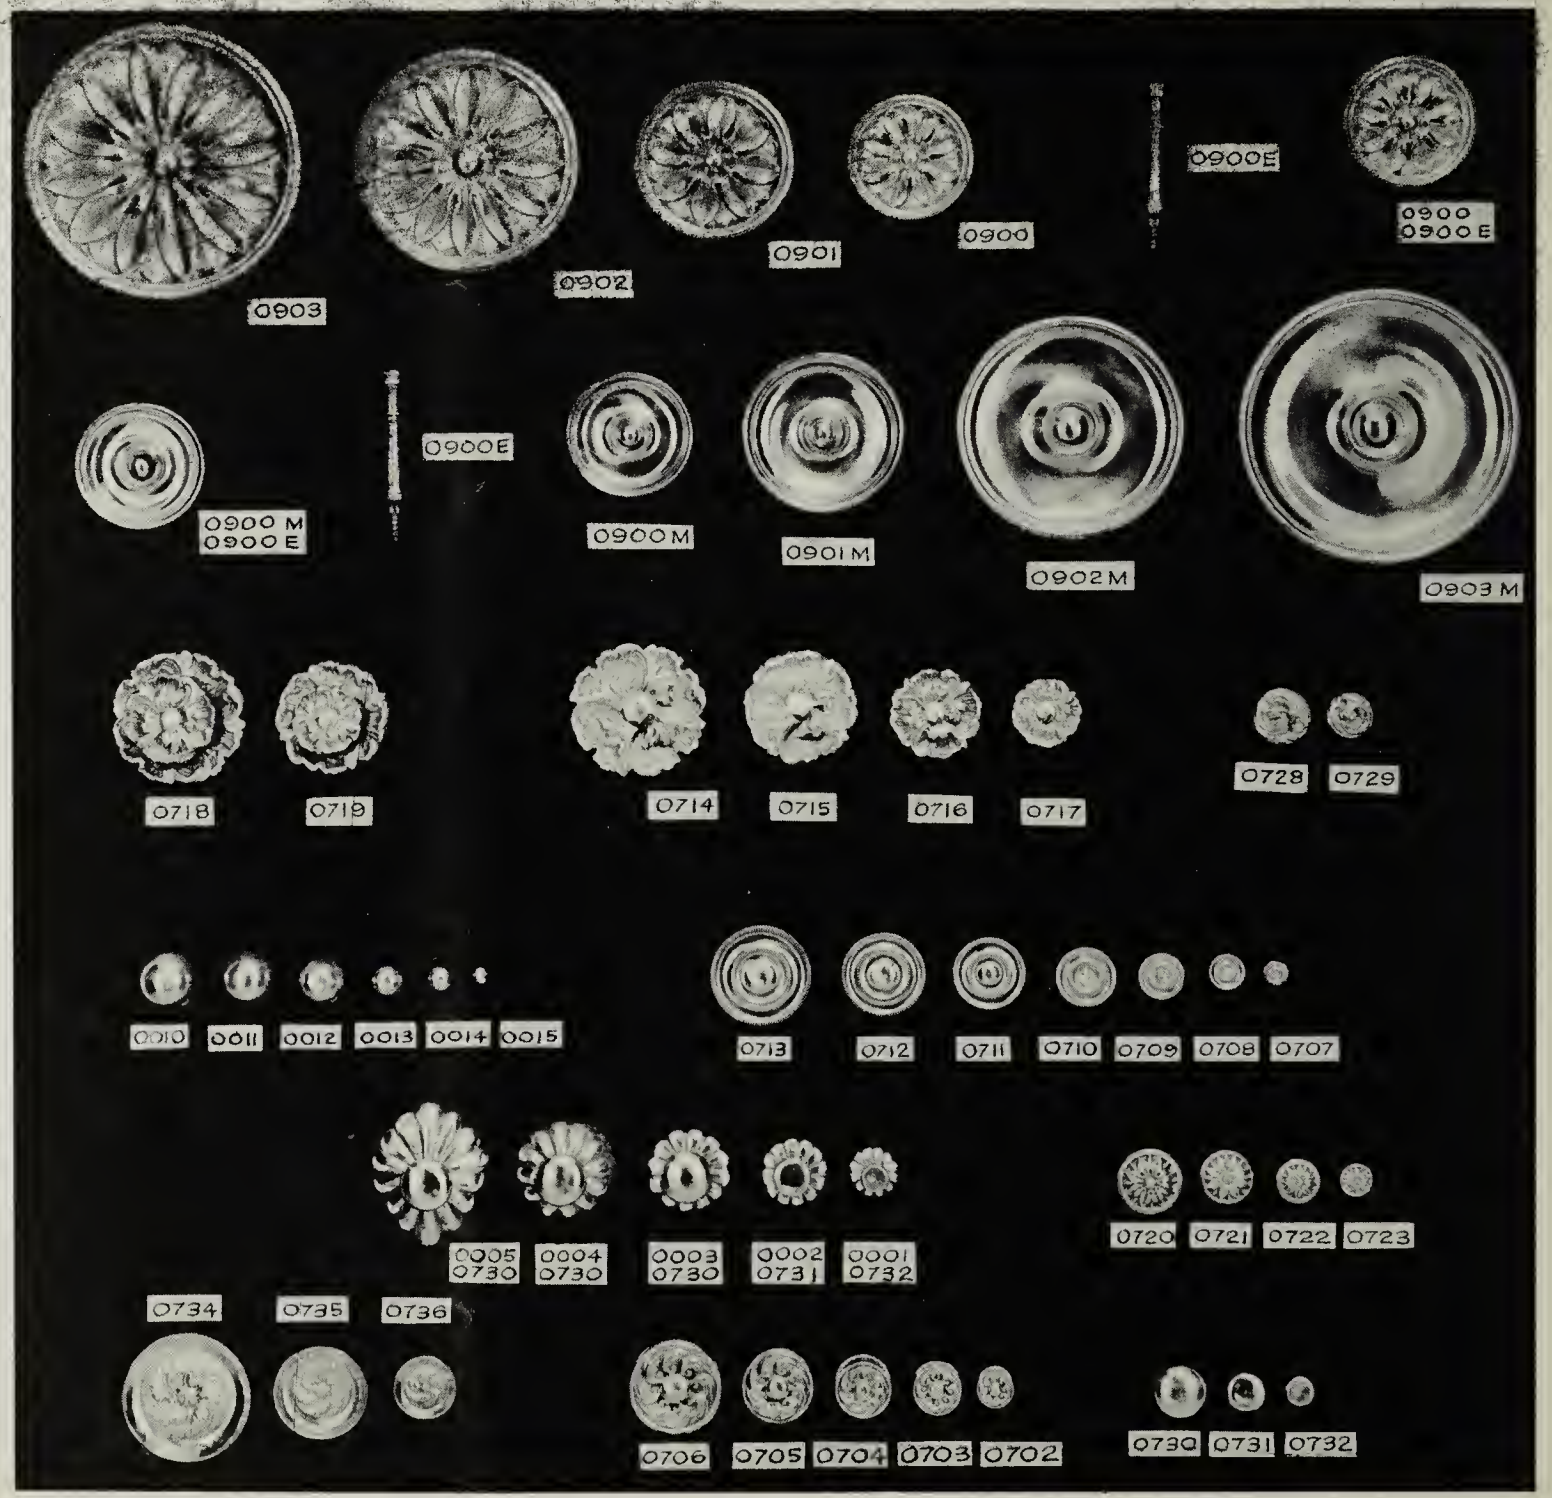
These leaves may be set in many different designs. They may be used doubly to make large displays of sprays and wreaths, and other ornamental designs.

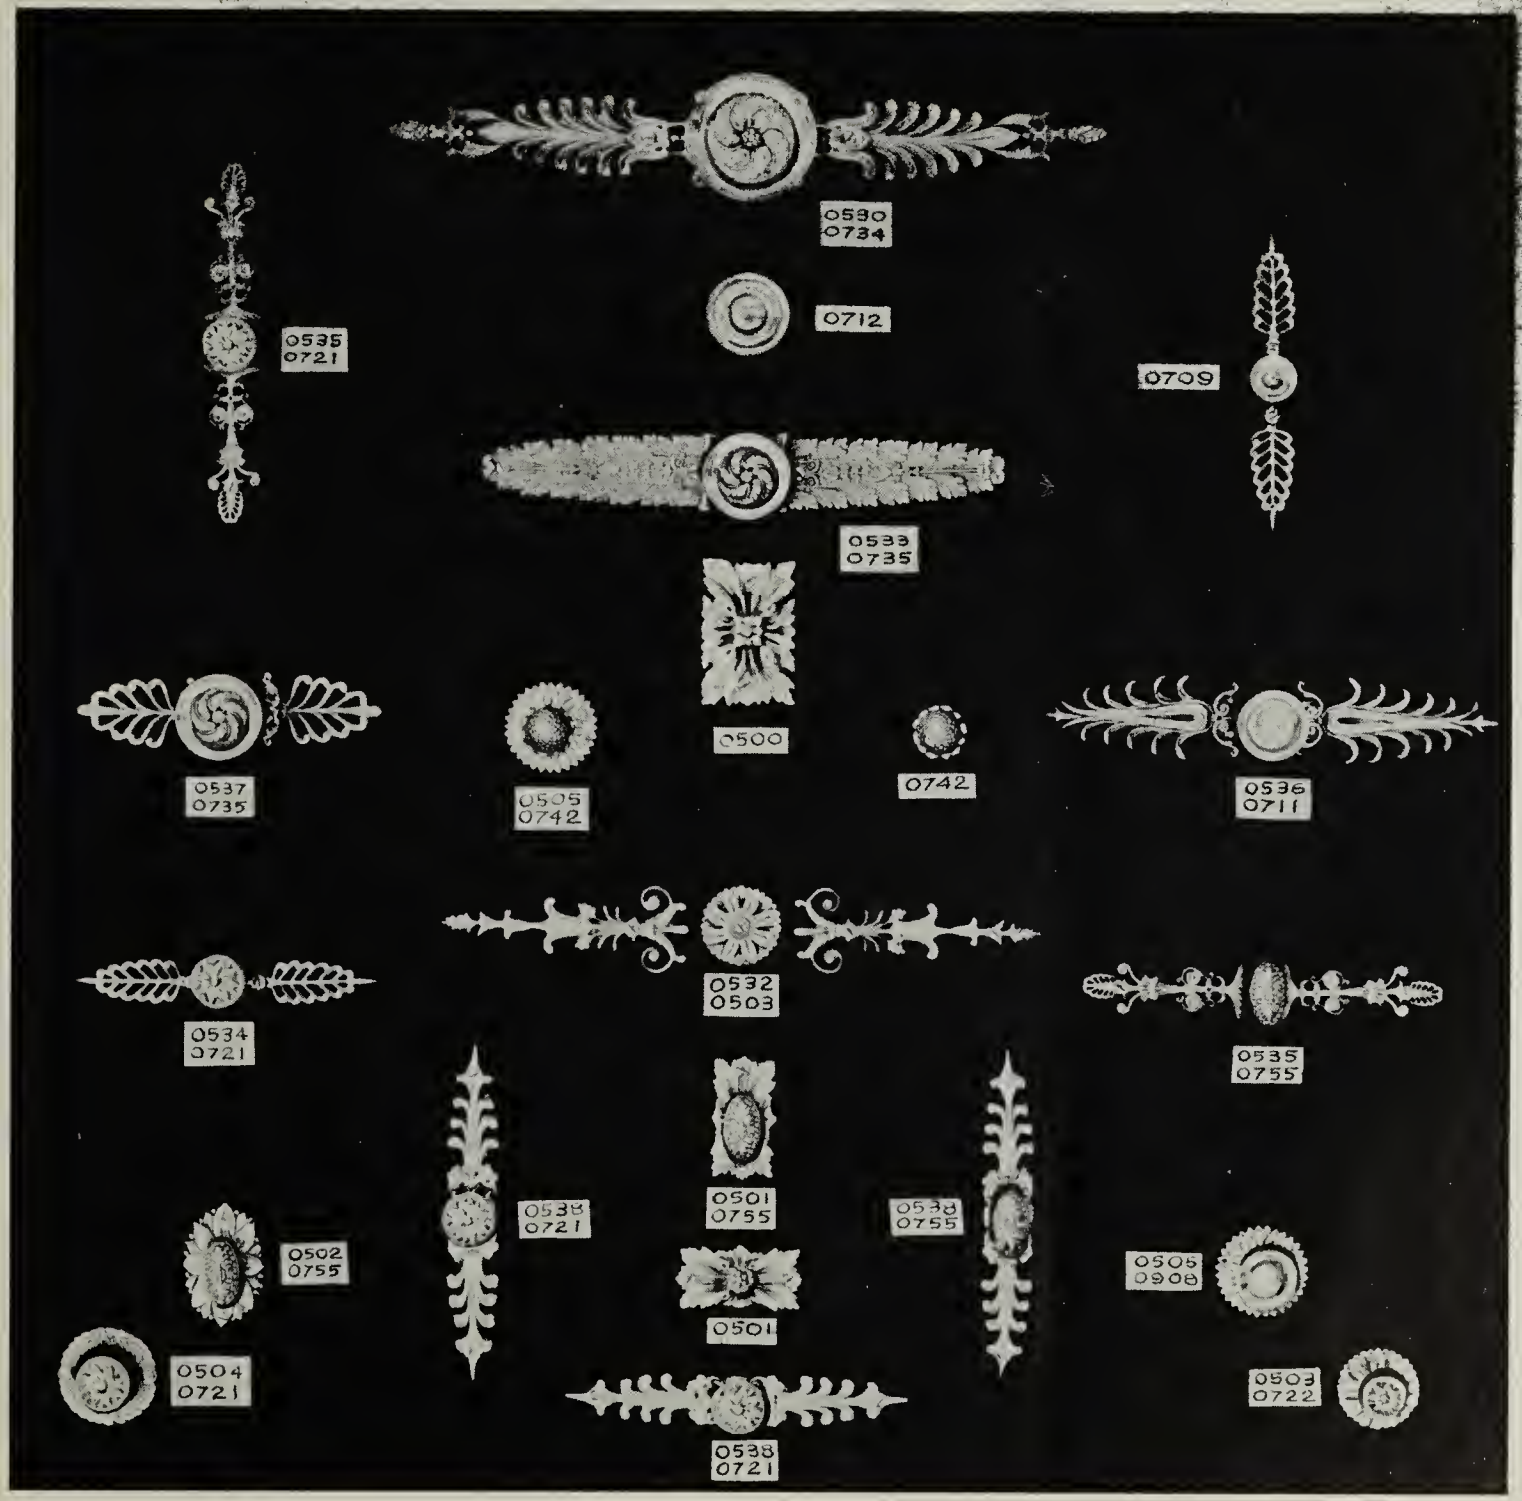
CABINET KNOBS

Number 0900E may be used with any large knob, pictured, as tie backs.

Numbers 0900 to 0903 inclusive and the M style may be used together as knobs and back plates.

The round melon back plates shown, numbers 0001 to 0004 inclusive may also be obtained in 4″ to 10″ diameters. (See our price list, numbers 0006 to 0009.)



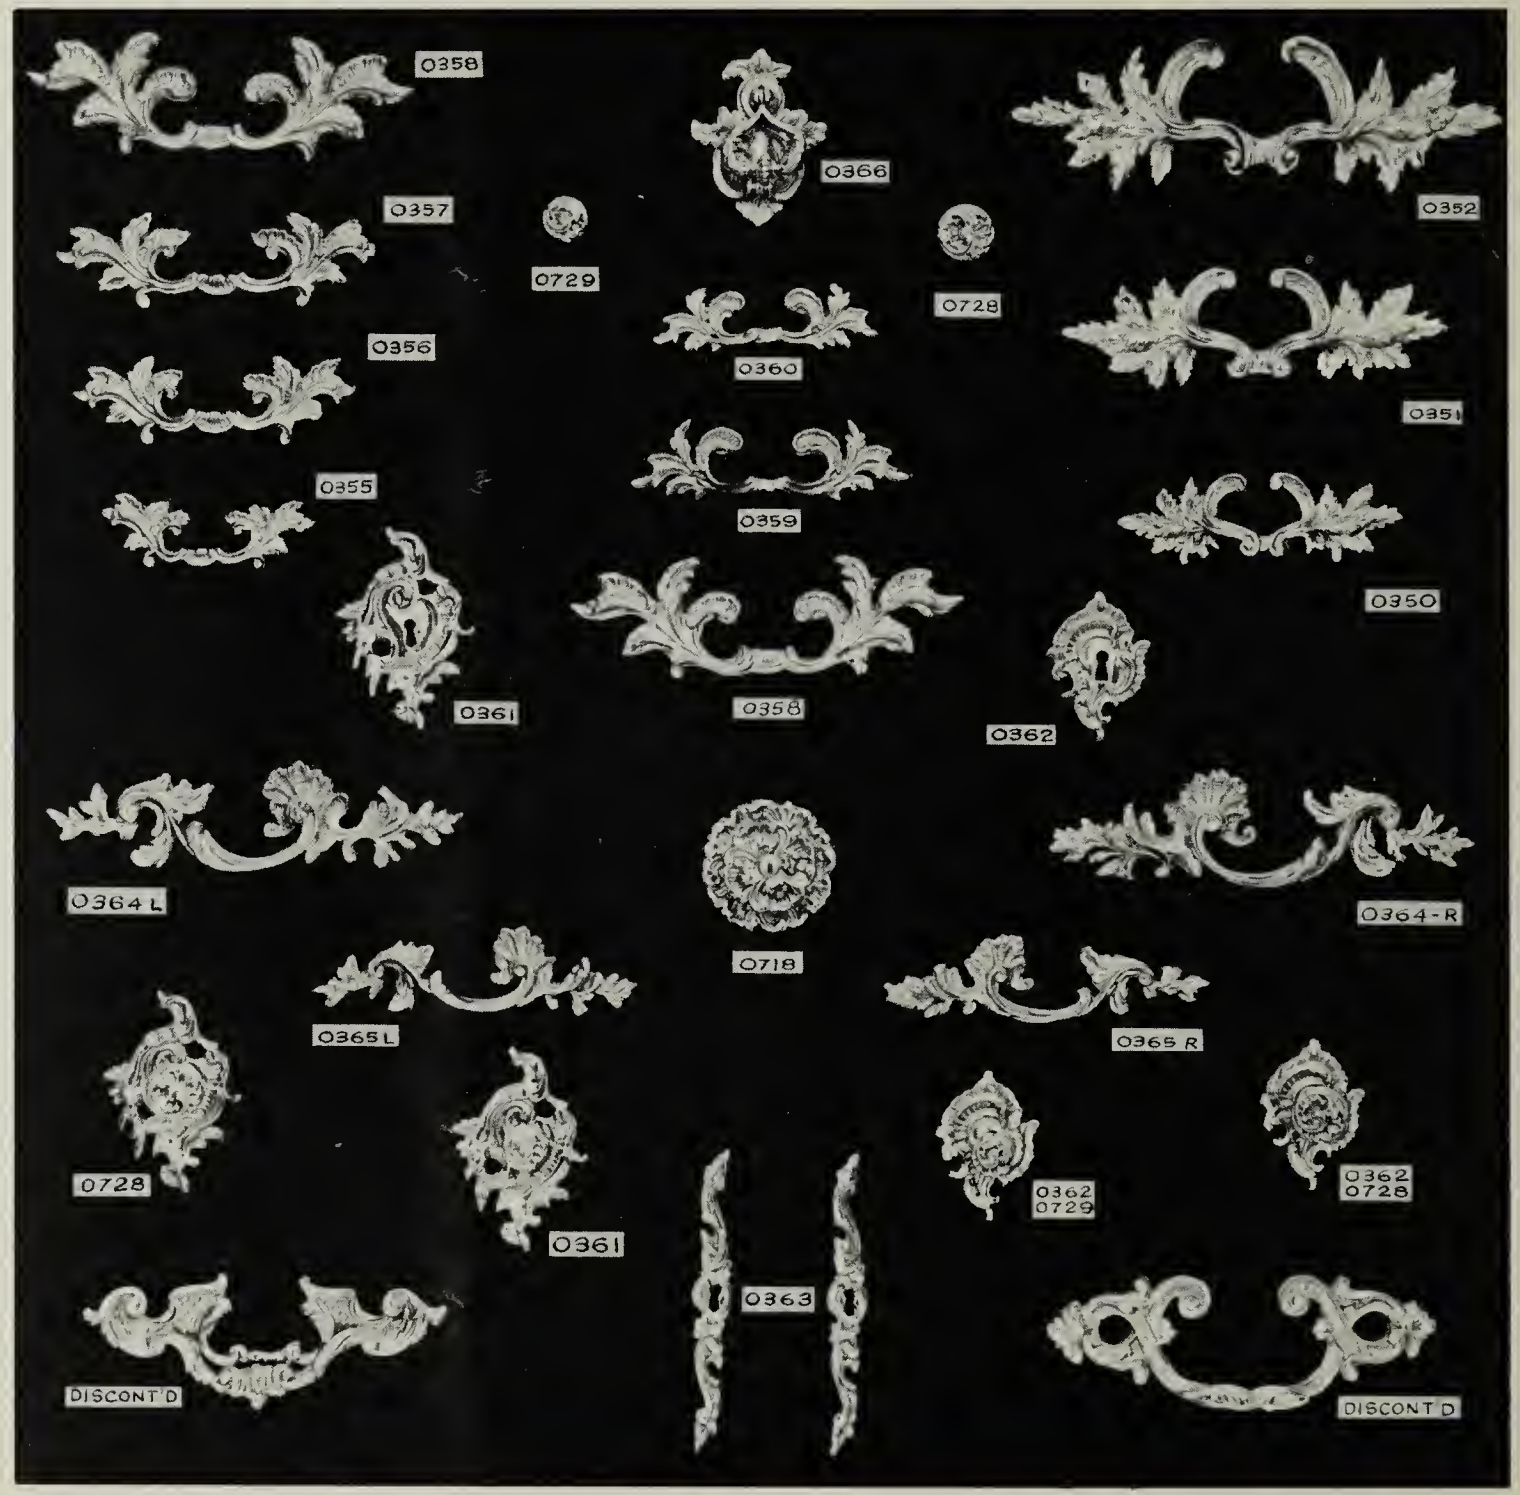


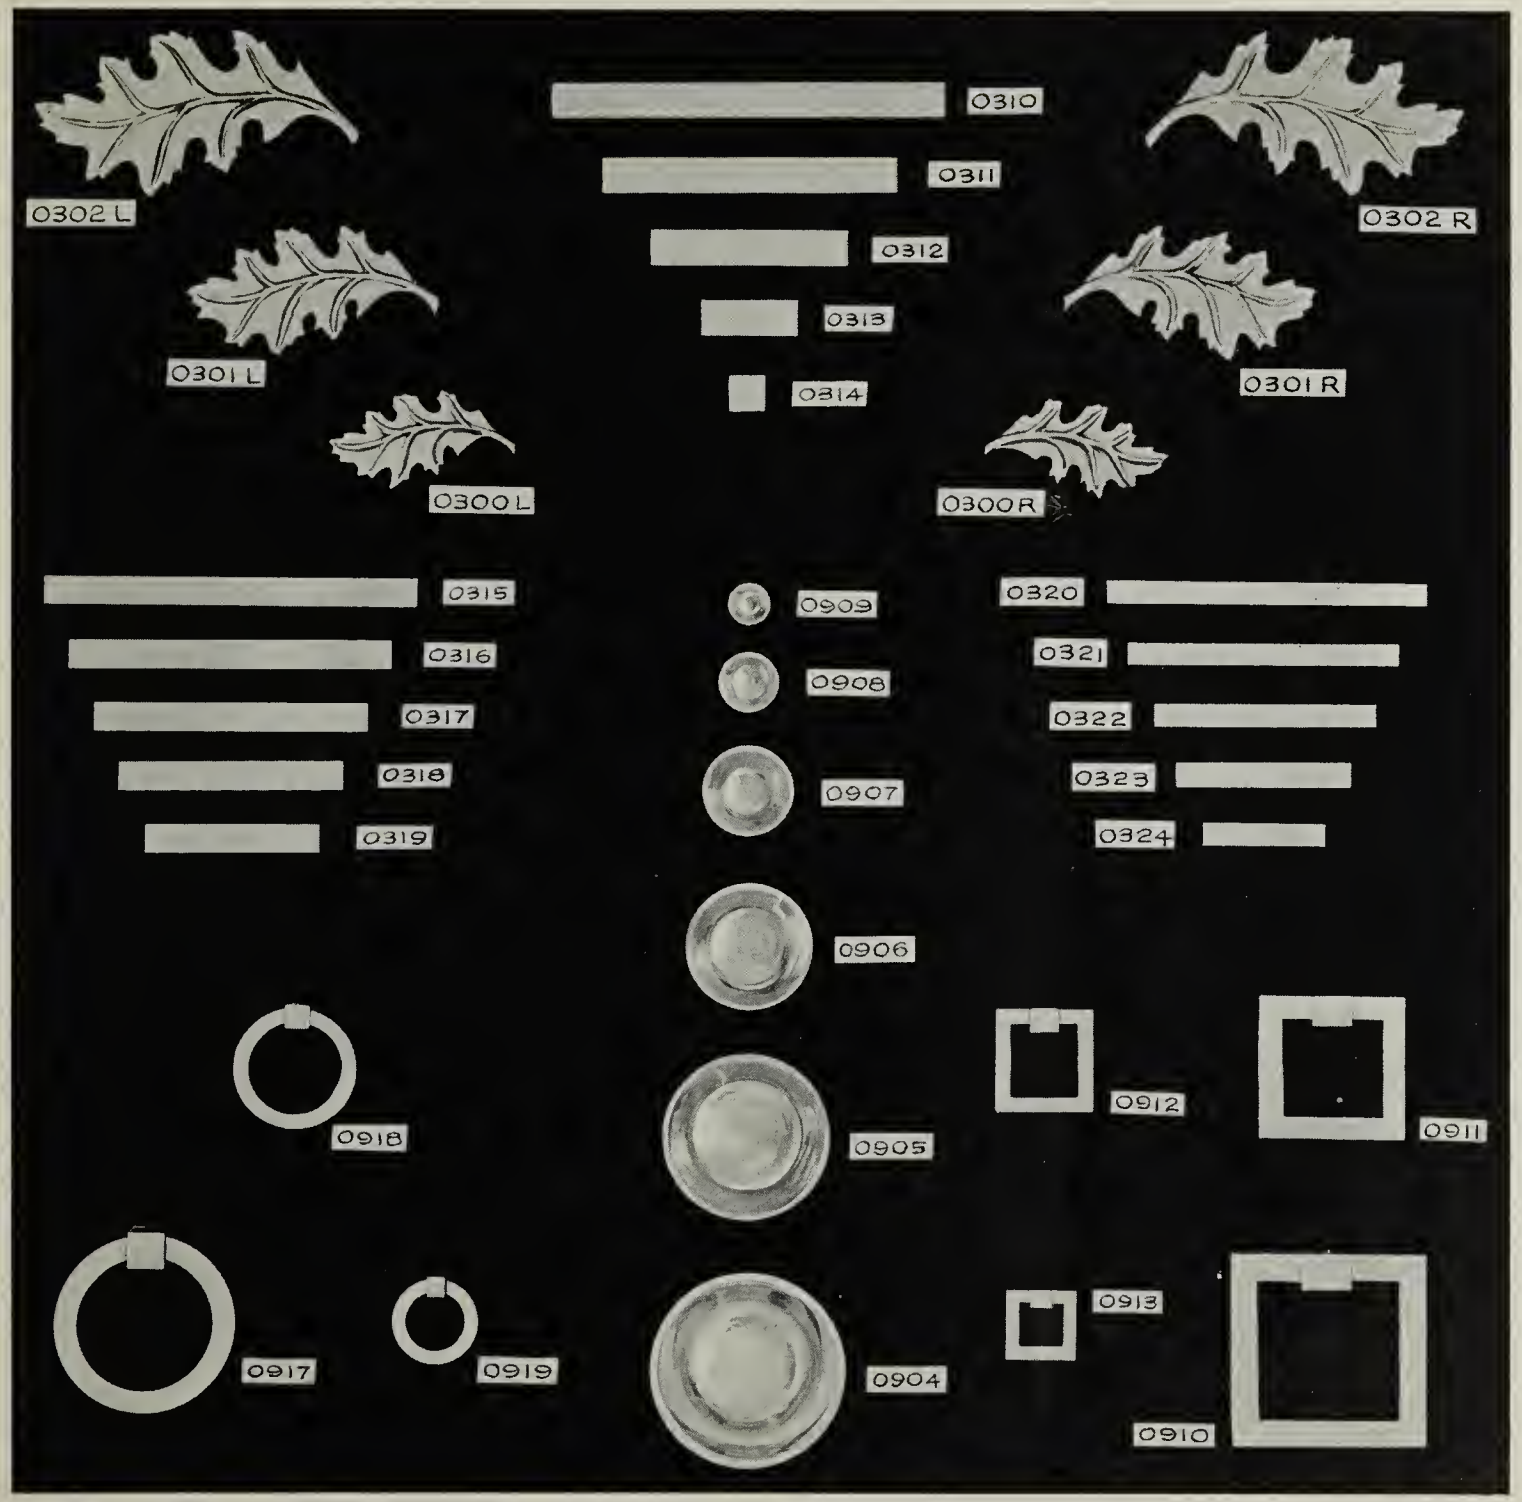
ORNAMENTS and KNOBS

These ornaments may be used with many other knobs in addition to those displayed. They may also be used with rosettes as centerpieces on tables and cabinet furniture.

FURNITURE HARDWARE

Number 0363 may be used with knobs as a back plate on doors or narrow drawers.



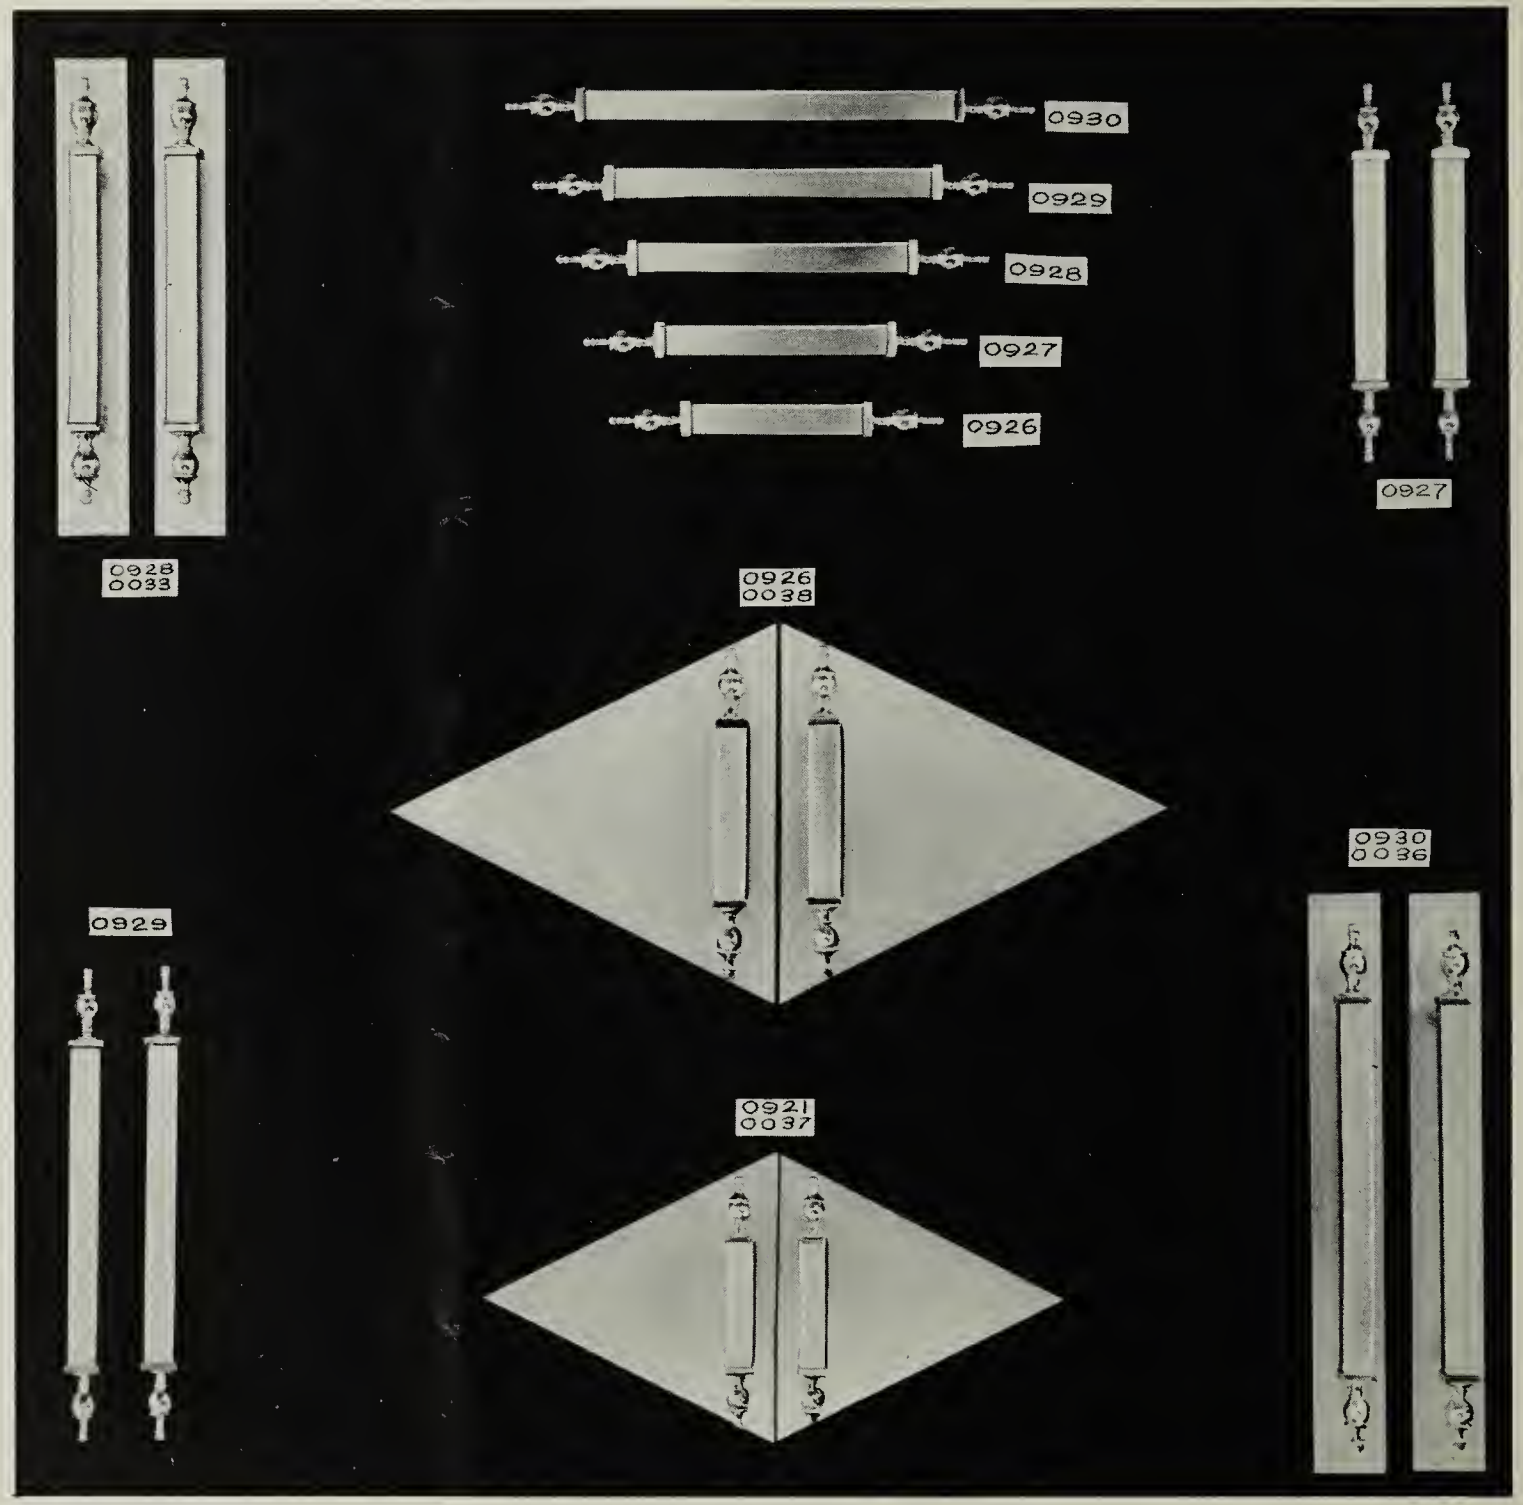


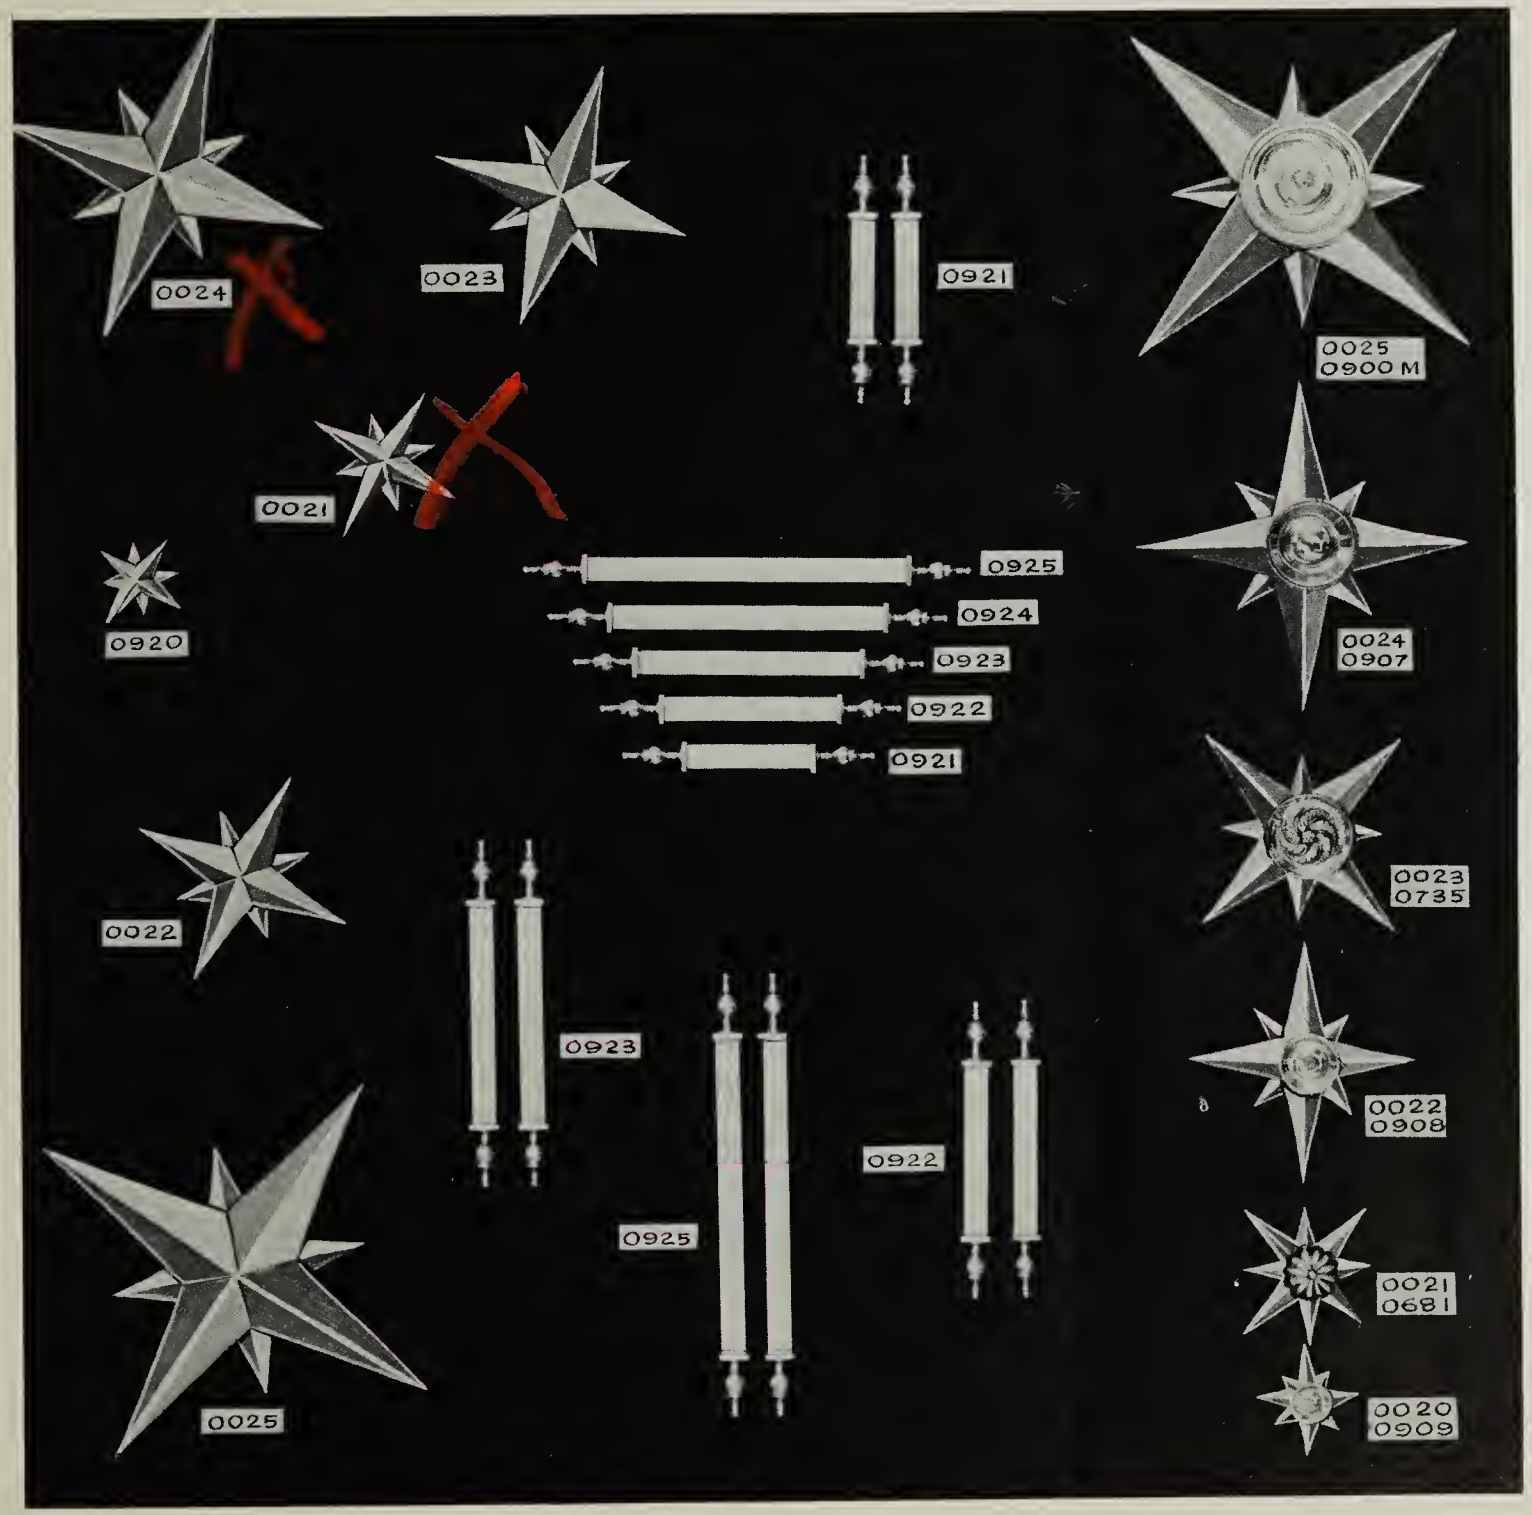
FURNITURE HARDWARE

These pieces may be used on modern and Far Eastern furniture.

FURNITURE and DOOR HARDWARE

The back plates shown come in various sizes to match the bar pulls shown. (See our price list for the corresponding sizes of plates and bar pulls.)





FURNITURE and DOOR HARDWARE

The bar pulls shown here may also be obtained with plates, numbers 0027 to 0031 inclusive.

The stars may be used either as back plates or decor on interior doors or cabinets.

BATHROOM ACCESSORIES

The bathroom accessories shown may be obtained in white or black Carrara or clear glass.

The towel bars may be had in plain or reeded tubing.

These bathroom towel bars and shelves may also be obtained in special sizes, at a slight additional charge.

These bathroom towel bars and shelves may also be obtained in special sizes, at a slight additional charge.

Since our last folder, for your convenience, we have added many dealers and distributors throughout the United States and Canada.

These firms are of the highest caliber, and are well qualified to help you with all your needs as they have architectural hardware consultants on their staffs. These people have been trained as specialists in their field by the National Builders' Hardware Association.

If you require, these trained men will be able to give you a complete schedule on all your hardware needs: installation of new hardware during the building of new homes, refurbishing builders' hardware in existing homes, decorating and redecorating of stores, offices, showrooms, etc.

To serve you better, our list of dealers and distributors continues to grow.

For your convenience, we would be most happy to refer you to our representative nearest you.
